Software Testing Interview Expectations 2013

INTRODUCTION

- Employers have a hard time finding right people
- Current people don't scale up

TIPS?

- Practice
- Solution – far any topic or concept, go with an example
- How do you estimate the total effort?
- Better talk about real projects that you did

- Listen
- Restate question/problem
- Give answer in two sentences
- Give concrete example from a project
- Come up with options
- Plan a, plan b
- Suggest, then ask for feedback
    - Bringing people inside the ring to participate
-

ATTEMPTING A POSITION TOO EARLY

- Years of experience not good gauge
- Expertise matters

BAD COMMUNICATION

Mistakes
Care free tendency
Lethargy
